## INNOVATIVE LOAN PRODUCTS

### WORKING CAPITAL LOANS

Working capital loans are ideal for those business operators who are experiencing strong performance, but need an injection of capital to take advantage of growth opportunities, without giving up equity.

### LINES OF CREDIT

A line of credit enables you to access the funds you need to get down to business – with the simple flourish of a pen. ARF Financial lines of credit puts the power in your hands. And you only pay interest on what you actually use.

### BRIDGE LOANS

A bridge loan is the perfect choice if you are waiting on conventional financing, making a large equipment purchase, or opening a new location. It is also a much cheaper alternative to acquiring equity partners to raise capital.

### FLEX PAY LOANS

Many merchants simply don't dream big because they can't afford to borrow the funds they need. Flex Pay solves that problem! Flex Pay allows merchants to defer 25% of their loan principal into the future, resulting in materially lower payments now!

COMPARE US  
**WE'RE THE BETTER CHOICE**

## COMPARE US – WE’RE THE BETTER CHOICE

ARF Financial’s Unsecured Bank Loans are better for your business than Merchant Cash Advances. Our Business Loans with fixed weekly payments allows you to keep the additional profit generated from your hard work.

### Why an Unsecured Business Loan Works

### Why a Cash Advance Doesn’t Work

With a Merchant Cash Advance, the more successful you are, the faster the Cash Advance Provider gets paid. This escalates the effective rate you are paying, sometimes to astronomical heights.
